iii. All dwelling units within Ranch Creek will be allowed one (1) new wood-burning stove as defined by C.R.S. § 25-7-401 et. seq. and all the regulations promulgated thereunder.

b. No On-Street Parking. The north side of Ranch Creek Lane is a designated fire lane and shall be marked as such with appropriate "no parking" or other signage. No motor vehicle of any kind, and no boat, trailer, camper, motorcycle, snowmobile, or any other such item shall be parked or stored at any time upon or within such fire lane. ~~In the event a motor vehicle or other item described above is parked in violation of this paragraph, the Ranch Creek Association shall have the right to levy an assessment against the Owner of the offending vehicle or other item in an amount not less than \$20.00 nor more than \$50.00 for the first violation, with the ability to increase the maximum amount of the assessment to no more than \$500.00 in the case of repeated violations. Notice of the assessment may be delivered by leaving a copy thereof upon the offending vehicle or other item. Each twenty-four hour period that a vehicle or other item remains in violation of this provision shall constitute a separate offense, subject to a separate assessment. The Ranch Creek Association shall have the right to have vehicles or other items parked in the fire lane in violation of this section towed and stored if parked for longer than twenty-four (24) hours. All tow fees, storage fees, or any other fees associated with such towing shall be the responsibility of the Owner of the offending vehicle. All assessments levied for parking violations and towing/storage fees under this paragraph may be collected and enforced in accordance with the provisions of Article 7 hereof.~~ Owners of Lots within Ranch Creek shall have the right, subject to applicable provisions of this Declaration, to park and store boats, campers, trailers, etc. in the vehicle storage compound designated for such use by the Association. Lot 13 and Parcel A shall not be used for such purpose.

c. Ranch Creek Plat. The Ranch Creek Lots are also subject to use Restrictions set forth in the Ranch Creek Plat.

Commented [WEA8]: Provisions from Ranch Creek Declaration, as amended, and the Ranch Creek Plat. Board may consider whether any are already applicable to all Units or Lots or should be applicable to all Units and Lots.

Commented [WEA9]: To be addressed in Rules and Regs

5.12 Delegation of Use. Owners shall not authorize, delegate or assign their right to use and enjoy the Common Elements and related Improvements and facilities to their Guests, without complying with all applicable rules and regulations that the Board may adopt.

**ARTICLE VI
WATER AND SEWER SERVICE**

6.1 Common Elements. Without limiting the generality of this Declaration with respect to Common Elements, the terms of this Article shall apply specifically to water rights and to facilities which comprise any parts of systems for providing water or sewer service. The other provisions of the Declaration shall also apply to such water rights and facilities except where the terms of this Article are clearly inconsistent therewith, in which event the terms of this Article shall control.

6.2 Acquisition and Management of Water Rights. Subject to the provisions of this Article VI, the Association may initiate, acquire, hold, manage, protect and develop water rights for the purposes set forth in this Declaration. The Association shall hold title to all such water rights for the benefit of the Members, and may take such actions with respect to water rights, subject to any approval required by this Declaration for the financing of such actions, as the Board determines will benefit such Members; including without limitation the creation of new water rights, the exercise of diligence with respect to legal or administrative action to protect or improve such water rights, participation in exchange programs or plans of augmentation. The Association may accept the gift or conveyance of water rights; provided that the Association shall not purchase, release, encumber or convey any water right except upon the affirmative vote or written consent of 67% of all votes in the Association.

6.3 Acquisition and Management of Water and Sewer Service Facilities. Subject to the provisions of the Declaration, the Association may acquire, construct, repair, replace, operate and maintain facilities for the provision of water and sewer service to those entitled thereto under the terms of the Declaration. The Association shall hold title to any such facilities for the benefit of the Members and subject to any approval required by such actions as the Board, by majority vote or written consent, determines will benefit such Members. Without limiting the foregoing, the Association, upon majority vote by the Board may utilize a Manager to operate and maintain such facilities and to provide water and sewer service.

6.4 Initial Water Rights and Water and Sewer Service Facilities. The water rights and water and sewer service facilities described in the Deed to the Association, dated July 3, 1973 and recorded in Book 447 at Page 140 of Garfield County Records (the "Water Deed"), have been conveyed to the Association for the benefit of the Owners pursuant to this Declaration together with the power to revest rights and interests if unused as set forth in Paragraph 3 of the Water Deed.

6.5 Water and Sewer Service. Subject to compliance with the terms of the Declaration, the payment of assessments, charges and fees imposed pursuant to this Declaration, the payment of service fees where required by service contract authorized by this Declaration, and

compliance with reasonable rules and regulations by the Association through a majority vote of its Board, consistent with this Declaration, the Association shall provide water and sewer service:

a. To each Unit or Lot within the Project.

b. To the Common Recreation Reserve, including without limitation the provision of water for irrigation.

c. To authorized uses within the Ranch, but not included within the Project. Such uses shall be served pursuant to a service contract between the Association and the user, approved by majority vote of the Board. Any such service contract shall require the user to bear the cost of installing, maintaining and operating facilities to serve such uses, in the manner provided for the Homestead Parcel in subsection (d) below.

d. To the Homestead Parcel pursuant to a service contract or contracts with the Owners thereof approved by majority vote of the Board, but not exceeding the amount of water reserved for the Homestead Parcel (except when additional water is available and the Association agrees to enlarge its services) and not to exceed the capacity of the Association's water and sewer service facilities. Any such service contract shall require the Owner to bear and pay to the Association the marginal capital costs and expenses for the installation of facilities for such service and to pay a proportionate part of the costs of the facilities used in common with other service and a proportionate part of the costs of operating and maintaining sewer and water utility service to all land served by the Association, said proportions being reasonably determined by the Board of Directors in its sole discretion.

e. The Association shall not serve, nor hold itself out as serving or ready to serve all members of the public, nor take any action which would cause it to be classified as a public utility under the law of the State of Colorado.

6.6 Allocation of Water. The Association, by majority vote of the Board, may place restrictions upon its water service or require those served by it to curtail water use, when necessary in the judgment of the Board to provide or protect an adequate supply of water during times of shortage, provided, however, the Board shall limit or curtail non-domestic recreational purposes, prior to limiting or curtailing service for commercial purposes, and provided the Board shall recognize at all times the rights reserved in the Water Deed. The Board shall limit or curtail domestic service only in the event that the reasonable curtailment or limitation of other service is insufficient to provide an adequate supply of water in the judgment of the Board to serve domestic purposes and essential non-domestic uses. In addition to any other remedies available, the Board may discontinue water service to any Unit or Lot delinquent in payment of assessments.

6.7 Financing. In order to provide financing for the operation and maintenance of water and sewer facilities, the Association may utilize any means of raising funds authorized by this Declaration, including, but not limited to general and special assessments, assessment of marginal capital costs for maintenance, upkeep, expansion or addition to the facilities, and imposition of tap or hookup fees upon the Owners, developers or purchasers of Units or Lots within the Project or upon the Owners, developers or purchasers of residences elsewhere in the Ranch or

within ~~the or~~ the Homestead Parcel. Additionally, the Board may encumber the Association's lien and rights to collect assessments as security for a loan to the Association.

Commented [WEA10]: Board may elect to remove this additional language, or revise to limit right to encumber to Property or lien and collection rights. I recommend that the Board retain the right to encumber lien and collection rights pursuant to Bylaws Sec. 7.1(k).

6.8 Service by a Substitute Entity. Upon the vote or written consent of ~~three-fourths~~ 67% of all votes in the Association of the Members entitled to vote and in compliance with any requirements imposed by law, the Association may convey some or all of its water rights and water and sewer service facilities to any municipality, water district, sanitary sewer district or other municipal or quasi-municipal corporation or any other entity or individual which will provide acceptable water and sewer service to those served by the Association and assumed the responsibilities of the Association pursuant to this Article, upon terms acceptable to the Association.

Commented [WEA11]: Art. IX §§ 9.2 and 9.8 conflict regarding the Owner approval necessary to convey water rights: § 9.2 requires majority approval; § 9.8 requires 75% approval.

Revised to require 67% approval for both .

ARTICLE VII
Covenant for Assessments

7.1 Obligation and Purpose of Assessments.

a. Owners, by accepting a deed for a Unit or Lot, covenant to pay the Association (1) the Annual Assessments imposed by the Board as necessary to meet the Common Expenses of maintenance, operation, and management of the Common Elements and to perform the functions of the Association; (2) Supplemental Assessments for the purpose of providing the additional funds required to meet unexpected increases in budgeted Common Expenses; (3) Special Assessments for capital improvements and other purposes as stated in this Declaration, if permitted by law; (4) Specific Assessments for Common Expenses associated with the maintenance, repair or replacement of a Limited Common Element that may be assessed against the Unit or Lot to which such Limited Common Element is assigned, or Common Expenses incurred due to an Owners act or omission, as determined by the Board; and (5) Default Assessments including, without limitation, fines, attorneys' fees and costs incurred due to an Owner's violation of the Governing Documents, which may be assessed against said Owner's Unit or Lot. No Owner may exempt himself or herself from liability for Assessments by non-use of Common Elements, abandonment of his or her Unit or Lot, or any other means. The obligation to pay Assessments is a separate and independent covenant on the part of each Owner. No diminution or abatement of Assessments or set-off shall be claimed or allowed for any alleged failure of the Association or Board to take some action or perform some function required of it, or for inconvenience or discomfort arising from the making of repairs or improvements, or from any other action it takes.

Commented [WEA12]: This Article VII is a full re-write of Art. X of the current Declaration to incorporate defined terms, ownership classes, and lien right matters previously addressed in Art. XI. Revisions have also been made to ensure compliance with CCIOA and otherwise modernize these provisions.

b. The Assessments shall be used for Common Expenses incurred to promote the health, safety and welfare of the Owners and Guests, for the maintenance, repair, replacement or improvement of the Common Elements, and for any other purpose authorized by this Declaration or applicable law.

7.2 Budget. The Board of Directors shall adopt a budget with Assessments sufficient to pay all Common Expenses and adequate reserves on an annual basis before the commencement of each calendar year. Within 90 days after adoption of any proposed budget, the Board shall provide the budget to all the Owners with notice of a date for an Owner meeting to

consider ratification of the budget. The budget will be deemed approved by the Owners unless at that meeting a majority of all Owners vote to veto the budget. If the proposed budget is vetoed, the last approved periodic budget shall be continued until a subsequently proposed budget is not vetoed by the Owners.

7.3 Working Capital Fund. The Association shall require each buyer of a Unit or Lot to make a non-refundable payment to the Association in an amount equal to ~~one-quarter (1/4)~~ 50% of the Unit or Lot's Annual Assessment for that year, or 0.5% of the purchase price, whichever is larger. ~~The sum paid, which sum~~ shall be segregated and held, ~~without interest,~~ by the Association to meet unforeseen expenditures, acquire additional services or equipment or as a maintenance reserve. A working capital fund contribution shall be collected and transferred to the Association at the time of closing of each sale, or re-sale, of each Unit or Lot, and shall be maintained for the Association's use and benefit. An Owner's contribution shall not relieve an Owner from paying Annual Assessments as they become due. Upon the transfer of a Unit or Lot, the selling Owner shall not be entitled to a credit from the transferee for any unused portion of the working capital fund.

7.4 Annual Assessments. Annual Assessments for Common Expenses shall be based upon the estimated cash requirements as the Board shall from time to time determine to be paid by all of the Owners. The Annual Assessments shall be due in advance, without notice on the first day of the year. Owners may pay their Annual Assessment in monthly installments, due on the first of each month, without notice, or such other installments as the Board may determine. The Association's failure to fix the Annual Assessments for any assessment period shall not be deemed a waiver, modification, or release of the Owners from their obligation to pay the same. The Association shall have the right, but not the obligation, to make prorated refunds of any Annual Assessments in excess of the actual expenses incurred in any fiscal year.

7.5 Apportionment of Annual Assessments. The apportionment of Annual Assessments for each Unit or Lot's appurtenant Common Expense liability is as set forth below.

a. ~~Ranch Expense~~ Operating Expenses. All Units and Lots shall be responsible for a share of the Common Expenses that are clearly or reasonably attributable to: the Common Recreation Reserve, the Water and Sewer Facilities, and to water and sewer service provided by the Association (that is not separately metered); the administration, management, and operation of the Association; cleaning, maintenance, repair or replacement of Common Elements, which are not clearly or reasonably allocable to a membership class or to any particular Owner(s). Each Unit or Lot shall be allocated a pro rata share of the Operating Expenses.

b. Unit Member Expenses. The Unit Owners shall be responsible for 100% of the "Unit Member Expenses" incurred for administration, operation, management, maintenance, repair or replacement of the Limited Common Elements located within a Condominium Parcel including, without limitation, any Buildings or other Improvements that are exclusively used and enjoyed by, or that exclusively benefit, the Units, and expenses declared to be Unit Member Expenses pursuant to this Declaration. Each Unit shall be allocated a pro rata share of the Unit Member Expenses.

Commented [WEA13]: Working Capital Fund contribution provisions are standard in similar communities throughout the state. It allows the Association to supplement its available funds without raising Assessments or levying a special assessment on existing Owners.

Working Capital provisions will have no effect on the amount of assessments to be paid by existing Owners, as the contribution will only be due from new Owners upon purchase. It is unlikely to have any measurable effect on future sales or purchase prices.

Commented [WEA14]: Revised based on Board comments and discussion with local realtor regarding reasonable amount of working capital to be paid at closing.

Commented [WEA15]: The intent of this Section is to expressly provide for allocation Common Expenses in same manner as they are currently allocated, despite the lack of sufficient language in the existing Declaration. To be clear, this should not result substantial changes to the division of Assessments between Lots and Units going forward.

Commented [WEA16]: As a practical matter, most of the Improvements within a Condominium Parcel will be LCE of the Units under the proposed form of ownership.

c. **Lot Member Expenses.** The Lot Owners shall be responsible for 100% of the “Lot Member Expenses” incurred for administration, operation, management, maintenance, repair or replacement of any Common Elements or related Improvements that are exclusively used and enjoyed by, or that exclusively benefit, the Lots, and expenses declared to be Lot Member Expenses pursuant to this Declaration. Each Lot shall be allocated a pro rata share of the Lot Member Expenses.

d. **Supplemental Assessments.** If the Board determines, at any time or from time to time, that the amount of the Annual Assessments is not adequate to pay for the costs and expenses of fulfilling the Association’s obligations, one or more supplemental assessments may be made to provide the additional funds. In which case, the Board shall adopt and ratify the revised budget pursuant to this Declaration. Upon request, the Board will deliver the revised budget summary to any Mortgagee. The Board may levy supplemental assessments for such fiscal year against each Unit and Lot based on the revised budget.

7.6 Specific Assessments. Common Expenses for maintenance, repair or replacement of a Limited Common Element benefitting one or more, but less than all, Units or Lots may be assessed against the Unit(s) or Lot(s) to which such Limited Common Element is assigned, or against the affected Unit(s) or Lot(s) as determined by the Board. Specific assessments may include, without limitation, any extraordinary insurance cost incurred as a result of the value of a particular Owner’s Unit or Lot shall be borne by that Owner, and any extraordinary Common Expense related to the actions of any Owner, or their Guest, shall be assessed solely against such Owner’s Unit or Lot.

7.7 Special Assessments. The Association may levy in any fiscal year one or more Special Assessments payable over such a period as the Board may determine, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of Improvements within the Common Elements or for any other expense incurred or to be incurred as provided in this Declaration. This Section shall not be construed as an independent source of authority for the Association to incur expense but shall be construed to prescribe the manner of assessing expenses authorized in this Declaration, and in acting under this Section, the Association shall make specific references to this Section. Each Unit or Lot shall be allocated a pro rata share of any amounts assessed pursuant to this Section. Written notice of the Special Assessment amount and payment schedule shall be given promptly to the Owners, and no payment shall be due less than 30 days after the date of such notice.

7.8 Default Assessments. All monetary fines assessed against an Owner pursuant to the Governing Documents, or any Association expense relating to the fine including, without limitation, attorneys’ fees and costs incurred to enforce the Owner’s violation of the Governing Documents, shall be a Default Assessment. Such a Default Assessment shall be a lien against such Owner’s Unit or Lot which may be collected as provided in this Declaration. Notice of the amount and due date of such Default Assessment shall be sent to the Owner subject to such Assessment at least 30 days prior to that due date.

7.9 Assessment Lien.

a. The Association is hereby granted, and shall have, a lien on a Unit or Lot for an Assessment levied against the Unit or Lot, or fines imposed against its Owner. Fees, charges, late charges, attorneys' fees, fines, and interest charged pursuant to the Act and the Governing Documents are enforceable as Assessments. The amount of the lien shall include all those items set forth in this Section from the time such items become due. If an Assessment is payable in installments, each installment is a lien from the time it becomes due, including the due date set by any valid Association acceleration of installment obligations.

b. A lien under this Section is prior to all other liens and encumbrances on a Unit or Lot except: (1) liens and encumbrances recorded before the recordation of the Declaration; (2) a first security interest on the Unit or Lot recorded before the date on which the Common Expense Assessment sought to be enforced became delinquent; and (3) liens for real estate taxes and other governmental assessments or charges against the Unit or Lot. A lien under this Section is also prior to all security interests described in subdivision (2) of this subsection to the extent that the Common Expense Assessments (not including fees, charges, late charges, attorneys' fees, fines, and interest pursuant to C.R.S. §§ 38-33.3-302(1)(j), (k), and (l), C.R.S. § 38-33.3-313(6), C.R.S. § 38-33.3-315(2), are based on the periodic budget adopted by the Association pursuant to this Declaration and would have become due in the absence of acceleration, during the six months immediately preceding an action or a non-judicial foreclosure either to enforce or extinguish either the Association's lien or a security interest described in subdivision (2) of this subsection. The Assessment lien shall be superior to and prior to any homestead exemption provided now or in the future by the laws of the State of Colorado. Transfer of any Unit or Lot shall not affect the Association's lien except that sale or transfer of any Unit or Lot pursuant to foreclosure of any First Mortgage, or any proceeding in lieu thereof, or cancellation or forfeiture shall only extinguish the Association's lien as provided in the Act. The amount of such extinguished lien may be reallocated and assessed to all Units and Lots as a Common Expense at the direction of the Board.

c. Recording of the Declaration constitutes record notice and perfection of the lien. Further recording of a statement or claim of lien is within the Board's discretion but is not required.

d. This Section does not prohibit an action to recover sums for which this Section creates a lien or prohibit the Association from taking a deed in lieu of foreclosure. A judgment or decree in any action brought under this Section shall include costs and reasonable attorneys' fees for the prevailing party, which shall be additional Assessments, and enforceable by execution under Colorado law.

e. The Association's lien may be foreclosed by the same judicial procedure by which a mortgage on real estate is foreclosed under Colorado law.

f. In any action by the Association to collect Assessments or to foreclose a lien for Assessments, the court may appoint a receiver for the Unit or Lot who shall collect all sums due from that Unit or Lot Owner or a tenant of the Owner prior to or during the pendency of the action. The court may order the receiver to pay any sums held by the receiver to the Association during the pendency of the action to the extent of the Association's Assessments based on a periodic budget adopted by the Association pursuant to this Declaration.

7.10 Reserve Fund. The Association shall establish and maintain one or more reserve funds for the repair or replacement of Improvements to the Common Elements and those Limited Common Elements that the Association is obligated to maintain. Each reserve fund shall be a line item in the periodic budget and shall be collected from and as part of the Annual Assessments.

7.11 Effect of Nonpayment.

a. Any Assessment, or an installment thereof, shall be delinquent if not paid within 30 days of its due date. If an Assessment, or installment, becomes delinquent, the Association, in its sole discretion, may take any or all of the following actions:

i. Assess a late charge for each delinquency in such amount as the Board may determine.

ii. Assess interest on the delinquent amount at a rate the Board determines is appropriate, but not to exceed 21% per annum (Default Rate), subject to statutory limitation, accruing from the due date until paid in full;

iii. Suspend the Owner's voting rights or the right to use any Common Element during any period of delinquency;

iv. Accelerate any portion or all remaining Assessment installments so that unpaid Assessments for the remainder of the fiscal year shall be immediately due and payable;

v. Disconnect any utility services to the Unit or Lot that are paid as a Common Expense;

vi. Bring an action at law against any Owner personally obligated to pay the delinquent Assessments; and

vii. File a statement of lien with respect to the Unit or Lot and proceed with foreclosure as set forth below.

b. Upon payment of delinquent Assessments, the Association may forego any collections remedies, decelerate any Assessment installments that were accelerated and restore any rights to the previously delinquent Owner.

7.12 Successor's Liability for Assessment. In addition to each Owner's personal obligation to pay all Assessments and the Association's perpetual lien for such Assessments, all successors to ownership of a Unit or Lot, except as otherwise provide in this Article, shall be jointly and severally liable with the prior Unit or Lot Owner(s) for any and all unpaid Assessments, interest, late charges, costs, expenses and attorney's fees against such Unit or Lot without prejudice to such successor's right to recover from any prior Owner any amounts paid by such successor. The successor's liability shall not be personal and shall terminate upon termination of such

successor's ownership of the Unit or Lot. In addition, the successor shall be entitled to rely on the Association's statement of status of assessments as set forth below.

7.13 Notice to Mortgagee. The Association may report to any Mortgagee any unpaid Assessments remaining unpaid for longer than 60 days after the same shall have become due, if such Mortgagee first shall have furnished to the Association written notice of the Mortgage and a request for notice of unpaid Assessments. Any Mortgagee holding a lien on a Unit or Lot may pay any unpaid Assessment payable with respect to such Unit or Lot, together with any and all costs and expenses incurred with respect to the lien, and upon such payment that Mortgagee shall have a lien on the Unit or Lot for the amounts paid with the same priority as the lien of the Mortgage.

7.14 Statement of Assessments. The Association shall furnish to an Owner, their designee, or to a holder of a security interest upon written request, delivered personally or by certified mail, first-class postage prepaid, return receipt, to the Association's registered agent, a statement setting forth the amount of unpaid Assessments currently levied against such Owner's Unit or Lot. A reasonable fee, established by the Board, may be charged for such statement, subject to applicable law.

ARTICLE VIII Insurance

8.1 Insurance Coverage Requirements. The Association shall obtain and maintain at all times, as a Common Expense, insurance as required herein, including commercial general liability and property damage insurance in an amount to be determined by the Board, in the Board's sole discretion, provided that such coverage shall: be for at least \$1,000,000.00 for bodily injury, including deaths, and property damage arising out of a single occurrence; insure the Association, the Board, officers, all agents and employees of the Association, the Owners and their respective Mortgagees from liability in connection with the operation, maintenance, and use of the Common Elements; and include a "severability of interest" clause or specific endorsement. Such coverage shall also include legal liability arising out of contracts of the Association and such other risks as are customarily covered with respect to common interest communities similar to the Ranch in Colorado. Notwithstanding the forgoing, the Board shall not be liable for failure to obtain any coverages required by this Article or for any loss or damage resulting from such failure if such failure is due to the unavailability of such coverages from reputable insurance companies, or if such coverages are available only at demonstrably unreasonable cost. If the Association fails to obtain any of the required insurance coverages due to lack of reasonable availability, the Board shall promptly deliver written notice of the fact to all Owners.

Commented [WEA17]: As revised per First Declaration Amendment.

The Association shall obtain and maintain in full force and effect physical damage insurance on all Units, (excluding, unless the Board directs otherwise, the fixtures, equipment, furniture, wall coverings, improvements, additions or other personal property installed by Owners) and all insurable Common Element Improvements within the Project, in an amount equal to full replacement value (i.e., 100% of the current "replacement cost" exclusive of land, foundation, excavation, and other items normally excluded from coverage). Such property insurance shall afford protection against loss or damage caused by fire and other hazards covered by the standard extended coverage endorsement with the standard all-risk endorsement including but not limited

to sprinkler leakage, debris removal, demolition, vandalism, malicious mischief, windstorm, and water damage. Additionally, the property insurance shall cover all personal property owned by the Association. The Board shall have the right to increase the level of coverage under the Association's policy from the standard outlined herein by Board resolution. If the level of coverage is changed, the Association shall make such information available to all Owners by posting the information on the Association's website, if any, or by other written correspondence to the Owners.

All insurance purchased by the Association pursuant to this Article shall run to the benefit of the Association, the Board, officers, all agents, and employees of the Association, the Owners and their respective Mortgagees, and all other persons entitled to occupy a Unit or Lot as their interests may appear. The Association's insurance policy may contain a reasonable deductible and the amount thereof shall not be subtracted from the face amount of the policy in determining whether the insurance equals at least the replacement cost of the insured property.

The Board shall make available for review by Owners a copy of the Association's insurance policy to allow Owners to assess their personal insurance needs. Each Owner shall have the right to obtain additional coverage at Owner's own expense.

8.2 Insurance Provisions Common to All Insurance. Any insurance coverage the Association obtains pursuant to this Article shall be subject to the following provisions and limitations:

a. The named insured under any such policies shall include the Association, as attorney-in-fact for the use and benefit of the Owners, or the Association's authorized representative (including any trustee, or any successor trustee, with whom the Association may enter into an insurance trust agreement, sometimes referred to as the "Insurance Trustee" and such Insurance Trustee will be recognized by an insurer providing insurance pursuant to this Article) who shall have exclusive authority to negotiate losses and receive payments under such policies, and the "loss payable" clause should designate the Association or the Insurance Trustee, if any, who will act as trustee for each Owner and the holder of each Mortgage.

Commented [WEA18]: Added for compliance with CRS 38-33.3-313(5).

a.b. Each Owner is an insured person under the policy with respect to liability arising out of such Owner's interest in the Common Elements or membership in the Association.

b.c. The insurer shall waive its rights of subrogation of any claims against the Association, the Board, the Manager, officers, all agents and employees of the Association, and any Owner or Guest, and shall waive any defenses based upon co-insurance or upon invalidity arising from the acts of the insured.

e.d. The policies shall provide that coverage shall not be prejudiced by (i) any act or neglect of any Owner or Guest when such act or neglect is not within the control of the Association, or (ii) any act or neglect or failure of the Association to comply with any warranty or condition with regard to any portion of the Property over which the Association has no control.

d.e. The policies shall include ordinance or law coverage, demolition cost coverage and increased cost of construction coverage.

e.f. Any "other insurance" clause contained in the master policy shall expressly exclude individual Owners' policies from its operation.

f.g. The policies shall contain the standard mortgagee clause commonly accepted by private institutional mortgage investors in the area in which the Property is located, and provide that coverage may not be canceled nor may the insurer refuse to renew (including cancellation for non-payment of premium) without at least 30 days' written notice to the Association, each Owner and any First Mortgagee listed as an insured in the policies;

g.h. The Association's insurance policies shall be primary if there is other insurance in the name of the Owner that covers the same risk;

h.i. The policies shall contain an agreed valued endorsement and an inflation guard endorsement; and if necessary, steam boiler and machinery coverage endorsement or stand alone coverage with a minimum liability per accident equal to the value of the building housing the boiler or machinery.

i.j. The Association's insurance policies shall not be brought into contribution with insurance purchased by individual Owners or their Mortgagees.

Commented [WEA19]: Current language violates CRS 38-33.3-313(4)(d), revisions are for compliance with that provision.

Commented [WEA20]: Superseded by CRS 38-33.3-313 and appropriately addressed in 8.2(a) above

8.3 Appraisal. Prior to obtaining any policy of fire insurance or renewal thereof, the Board of Directors may obtain an appraisal of the full replacement value of all Condominium Buildings and related Improvements upon the Project without deduction for depreciation for the purpose of determining the amount of the insurance to be effected pursuant to the provisions of this insurance paragraph. An appraisal to determine the maximum replacement value shall be obtained if required by the Association's insurer.

8.4 Unit Owner's Insurance. Each Unit Owner shall be responsible for obtaining and maintaining, in their own discretion and at their own expense, casualty and liability insurance covering the Unit and the appurtenant Limited Common Elements and those portions of the Unit not insured by policies maintained by the Association, including but not limited to, finished surfaces (of walls, floors and ceilings), flooring, cabinetry, fixtures, and appliances. Each Unit Owner is also responsible for obtaining insurance covering Owner's personal property, coverage for liability arising within the Unit or the appurtenant Limited Common Elements, and coverage to address the difference between the Unit Owner's deductible and the Association's deductible. The Association shall have no liability for the failure of any Unit Owner to maintain their own insurance. Each Unit Owner shall notify the Board of all structural or mechanical improvements made by the Owner to the Unit. Upon request by the Board, the Unit Owner shall furnish a copy of their insurance policy or policies to the Association. Any such Owner shall also promptly notify the Board in writing in the event such policy is cancelled.

Commented [WEA21]: As revised per First Declaration Amendment.
Further revised to clarify Unit Owner insurance responsibility is not a covenant that the Association has any duty to enforce.

8.5 Lot Owners' Insurance. Each Lot Owner shall be responsible for obtaining and maintaining, in their own discretion and at their own expense, adequate insurance against fire and all other hazards with respect to Improvements on their Lot. Lot Owners may carry other or additional insurance for their benefit and at their expense. All such policies shall contain waivers

of subrogation described in Section 8.2(c) above, and shall not affect or diminish the liability of the carriers issuing insurance to the Association. Insurance coverage on the Lot Owner's personal property and any public liability coverage on Lot shall be the Owner's sole and direct responsibility, and the Association shall have no responsibility therefor.

8.6 Other Insurance Coverage. The Association shall maintain in full force and effect workers compensation policies or participate in the state compensation worker's fund, in accordance with the requirements of Colorado law. The Board may obtain insurance against such other risks of a similar or dissimilar nature as it shall deem appropriate with respect to the Association's responsibilities and duties.

a. The Board may purchase and maintain in full force at all times demolition insurance in adequate amounts to cover demolition in the event of destruction and a decision not to rebuild. Such policy, if purchased, shall contain a determinable demolition clause, or similar clause, to allow for the coverage of the costs of demolition in the event of destruction and a decision not to rebuild.

b. The Board may obtain such other insurance as the Board of Directors shall determine from time to time to be desirable, including fidelity bonds or insurance covering the Association's employees and agents and any insurance indemnifying the Association's officers, directors, employees and agents.

c. Any Association insurance policy may contain such deductible provisions as the Board of Directors deems in its sole discretion, to be consistent with good business practices.

d. The Association is hereby irrevocably appointed agent for each Owner to adjust all claims arising under the Association's insurance policies and to execute and deliver releases upon the payment of claims.

e. The Board shall not enter into employment contracts or independent contractor contracts of any kind unless the contracting party provides evidence (such as Certificate of Insurance) to the Board that such party has current satisfactory insurance, including workers compensation insurance, commercial general liability insurance and automobile insurance.

ARTICLE IX

Casualty, Destruction, Obsolescence or Condemnation; Restoration; and Association as Attorney-in-Fact

9.1 Association as Attorney-in-Fact. As provided in this Section, this Declaration makes mandatory the irrevocable appointment of the Association as Attorney-in-Fact to deal with the Property upon its damage or destruction, for its repair and reconstruction or its obsolescence and to maintain, repair and improve all elements of the Project (except with respect to a Lot or Improvements upon a Lot) including the Condominium Buildings and Improvements upon the Condominium Parcel and the Common Elements. Title to any Unit is declared and expressly made subject to the terms and conditions hereof, and acceptance by the grantee of a deed or other instrument of conveyance from any Owner or grantor shall constitute appointment of the Association as Attorney-in-Fact. All of the Unit Owners within the Project irrevocably constitute and appoint the Association their true and lawful attorney in their name, place and stead for the purpose of dealing with the Property upon its damage or destruction or obsolescence. As Attorney-in-Fact, the Association shall have full and complete authorization, right and power to make, execute and deliver any contract, deed or any other instrument with respect to the interests of the Unit Owners which are necessary and appropriate to exercise the powers herein granted. Repair and reconstruction of the Improvements as used in this Article means restoring the Improvements to substantially the same condition in which they existed prior to the damage, with each Unit and the Common Elements having substantially the same boundaries, and with respect to any Unit having the same vertical and horizontal boundaries, as before. The proceeds of any insurance collected shall be available to the Association for the purpose of repair, restoration, reconstruction or replacement unless the Owners and holders of First Mortgages or first agree not rebuild in accordance with this Article.

9.2 Reconstruction. In the event of damage or destruction due to fire or other disaster, the insurance proceeds, if sufficient to reconstruct all Improvements on the affected Property (excluding any Lot or the Improvements on any Lot), shall be applied by the Association as Attorney-in-Fact, to such reconstruction, and the Improvements shall be promptly repaired and reconstructed. The Association shall have the full authority, right and power, as Attorney-in-Fact, to cause the repair and restoration of the Improvements. Common Expense Assessments shall not be abated during the period of insurance adjustment and repair and reconstruction.

If the insurance proceeds are insufficient to repair and reconstruct the Improvements and if such damage is not more than 50% of the total replacement costs of all the Improvements in this Project (excluding those Improvements located within a Lot that the Association does not own), not including land, such damage or destruction shall be promptly repaired and reconstructed by the Association as Attorney-in-Fact, using the proceeds of insurance and proceeds of a special Assessment to be made against all of the Owners and Units. Such deficiency assessment shall be a Common Expense and be made pro rata according to each Unit Owner's Allocated Interest and shall be due and payable within thirty days after written notice thereof. The Association shall have full authority, right and power, as Attorney-in-Fact, to cause the repair, replacement and restoration of the Improvements using all of the insurance proceeds for such purposes, notwithstanding the failure of an Owner to pay the Assessment. The Assessment provided for herein shall be a debt of each Owner and a lien on his Unit and may be enforced and collected as provided in Article VII. In addition thereto, the Association, as Attorney-in-Fact, shall have the absolute right and power to sell the Unit of any Owner refusing or failing to pay such deficiency Assessment within the time provided, and if not so paid, the Association shall cause to be recorded a notice that the Unit shall be sold by the Association, as Attorney-in-Fact pursuant to the provisions of this paragraph. Regular Common Expense Assessments shall not be abated during the period of insurance adjustment and repair and reconstruction. The delinquent Owner shall be required to pay to the Association the costs and expenses for filing notices, interest at the rate of 15% per annum, subject to applicable law, on the amount of the Assessment and all other costs and expenses including reasonable attorney's fees. The proceeds derived from the sale of such Unit shall be used and disbursed by the Association, as Attorney-in-Fact, in the following order:

- a. For payment of taxes and special assessment liens in favor of any governmental assessing entity;
- b. For payment of the balance of the lien of any First Mortgage;
- c. For payment of the customary expenses of sale;
- d. For payment of unpaid Common Expenses and all costs, expenses and fees incurred by the Association, or its managing agent or representative;
- e. For payment of junior liens and encumbrances in the order and to the extent of their priority; and
- f. The balance remaining, if any, shall be paid to the Unit Owner.

9.3 Substantial Destruction and the Sale of the Affected Property. If the insurance proceeds are insufficient and not equal to repair and reconstruct the damaged Improvements on the affected Property, and if such damage is more than 50% of the total replacement cost of all Improvements in the Project, not including land, and 51%, or more, of the Owners of the affected Property do not voluntarily, within 100 days thereafter, make plans for the reconstruction which plan must have the approval or consent of 75%, or more, of the holders of First Mortgages, then the Association shall forthwith record a Notice setting forth such fact or facts, and upon the recording of such Notice and with the written consent of 75% of the holders of recorded First Mortgages, the entire remaining premises of the affected area shall be sold by the Association pursuant to the provisions of this paragraph, as Attorney-in-Fact for all of the Owners, free and clear of the provisions contained in this Declaration, the Map or Plats, and the Bylaws. The Association shall collect the insurance settlement proceeds, and it shall divide such proceeds in accordance with the affected Owners ~~in accordance with their~~ interest in the affected Property, if any, and such divided proceeds shall be paid into separate accounts, each such account representing one of the affected Units or Lots. Each such account shall be in the name of the Association, and shall be further identified by the Unit or Lot designation in the name of the Owner. From each separate account, the Association, as Attorney-in-Fact, shall forthwith use and disburse the total amount in each account without contribution from one account to another toward the partial or full payment of the lien of any First Mortgage against the Unit or Lot represented by such separate account. Thereafter, each such account shall be supplemented by the apportioned amount of the proceeds obtained from the sale of the entire Property. This apportionment shall be based upon each Unit or Lot Owner's interest in the affected Property. The total funds in each account shall be used and disbursed, without contribution from one account to another, by the Association, as Attorney-in-Fact for the same purposes and in the same order as is provided in Section 9.2 (a)-(f) above.

9.4 Substantial Destruction and Restoration of the Affected Property. In the event of such damage or destruction as set forth in Section 9.3, and if a plan for reconstruction is adopted by the Owners and approved by the holders of First Mortgages, then all of the Owners shall be bound by the terms and provisions of such plan. Any assessment in connection with such plan shall be a Common Expense and shall be assessed pro rata to the affected Owners, and shall be due and payable as provided by the terms of such plan, but no sooner than 30 days after written notice thereof. The Association shall have full authority, right and power, as Attorney-in-Fact, to cause the repair, replacement or restoration of the Improvements using all of the insurance proceeds for such purpose, notwithstanding the failure of any Owner to pay the Assessment. Common Expense Assessments shall not be abated during the period of insurance adjustment and repair and reconstruction. The Assessment provided for herein shall be a debt of each affected Owner and may be enforced and collected as is provided in Article VII. In addition thereto, the Association, as Attorney-in-Fact, shall have the absolute right and power to sell the Unit or Lot of any Owner refusing or failing to pay such Assessment within the time provided, and if not so paid, the Association shall cause to be recorded a Notice that the Unit or Lot of the delinquent Owner shall be sold by the Association. The delinquent Owner shall be required to pay to the Association the costs and expenses for filing the Notices, interest at the rate of 15% per annum on the amount of the Assessments, subject to applicable law, and all reasonable costs including attorney's fees. Proceeds derived from the sale of such Unit or Lot and disbursed by the Association, as Attorney-in-Fact, for the same purposes and in the same order as is provided in Section 9.2 (a)-(f) above.

9.5 Substantial Obsolescence. The Owners representing an aggregate ownership interest of 75% or more of the Improvements in the affected Property may agree that the affected Property is obsolete and adopt a plan for renewal and reconstruction, which plan shall have approval of 75% or more of the holders of First Mortgages. If the plan for renewal or reconstruction is adopted, notice of such plan shall be recorded, and the expense of renewal and reconstruction shall be payable by all of the Owners of the affected area as a Common Expense Assessment, whether or not they have previously consented to the plan of renewal or reconstruction. The Assessment provided for herein shall be a debt of each affected Owner and may be enforced and collected as is provided in Article VII. The Association, as Attorney-in-Fact, shall have the absolute right and power to sell the Unit or Lot of any Owner refusing or failing such Assessment within the time provided, and if not so paid, the Association shall cause to be recorded a Notice that the delinquent Owner's Unit or Lot shall be sold by the Association. The delinquent Owner shall be required to pay to the Association the costs and expenses for filing the Notices, interest at the rate of 15% per annum on the amount of the Assessment, subject to applicable law, and all costs and expenses including reasonable attorney's fees. The proceeds derived from the sale of such Unit or Lot and disbursed by the Association, as Attorney-in-Fact, for the same purposes and in the same order as in provided in Section 9.2 (a)-(f) above.

The Owners representing an aggregate ownership interest of 75%, or more, of the Improvements in the affected Property may agree that the affected Property is obsolete and that the same shall be sold. Such plan or agreement must have the unanimous approval of every holder of a First Mortgage. In such instance the Association shall forthwith record a Notice setting forth such facts, and upon recording of such Notice, the entire premises shall be sold by the Association, as Attorney-in-Fact for all the Owners, free and clear of the provisions contained in this Declaration, the Maps or Plats and the Bylaws. The sale's proceeds shall be apportioned among the Owners of the affected Property and such proceeds shall be paid into separate accounts, each such account representing one Unit or Lot. Each such account shall be in the name of the Association, and shall be further identified by the Unit or Lot designation in the name of the Owner. From each separate account, the Association, as Attorney-in-Fact, shall use and disburse the total amount of each such account without contribution from one account to the other for the same purposes and in the same order as is provided in Section 9.2 (a)-(f) above.

9.6 Condemnation. If at any time or times during the continuance of the Unit or Lot ownership pursuant to the Declaration, all or part of the Project shall be taken or condemned by any public authority, the following provisions shall apply:

a. Proceeds. All compensating damages or other proceeds therefrom, the sum of which is hereinafter the "condemnation award", shall be payable to the Association.

b. Complete Taking.

i. If the entire Project is taken or condemned, the Unit or Lot Ownership pursuant thereto shall terminate. The condemnation award shall be apportioned among the Owners on the same basis as each Owner's Allocated Interest; provided, however, that if standards different from the value of the Property as a whole were employed as measure of

condemnation award in the negotiating, judicial decree or otherwise, then in determining such shares, the same standard shall be employed to the extent that is relevant and applicable.

ii. On the principles set forth in the preceding paragraph, the Association shall as soon as practicable, determine the share of the condemnation award to which is Owner is entitled. Such share shall be paid into separate accounts for each Unit and disbursed as soon as practicable and in the same manner and as set forth in Section 9.2 (a)-(f) above.

c. Partial Taking. If less than the entire Project is taken or condemned, the Unit or Lot ownership hereunder shall not terminate. Each affected Owner shall be entitled to a share of the condemnation award. As soon as practicable, the Association shall reasonably and in good faith allocate the condemnation award between compensation, damages and other proceeds and shall apportion the amounts so allocated among the Owners as follows:

i. The total amount allocated through the taking of or injury to the Common Elements shall be apportioned equally among the affected Owners.

ii. The total amount allocated to severance damages shall be apportioned to those Units or Lots which were not affected, taken or condemned.

iii. The respective amounts allocated to the taking of or damage to a particular Unit or Lot and to the Improvements an Owner has made within his own Unit or Lot shall be apportioned to the particular Unit or Lot involved.

iv. The total amount allocated to consequential damages and any other takings or injuries shall be apportioned as the Association determines to be equitable in the circumstances or as determined by judicial decree. If the allocation of the condemnation award is already established by negotiation, judicial decree or otherwise, then in allocating the condemnation award, the Association shall employ such allocation to the extent applicable. Apportioned proceeds shall be disbursed as soon as practicable in the manner set forth in Section 9.2 (a)-(f) above.

10.3 Certain Special Objectives. The Association shall have complete discretion to approve or disapprove any Change in Property. In exercising such discretion, the Association shall keep the following objectives in mind, among others: To carry out the general purposes expressed in this Declaration; to prevent violation of any specific provision of this Declaration; to prevent any change which would be unsafe or hazardous to any Person or property; to minimize obstruction or diminution of the view of others; to preserve as much as possible visual continuity of the area and to minimize marked or unnecessary transition between improved and unimproved areas and any sharp definition of boundaries of property ownership; to assure that any change will be of good and attractive design and in harmony with the natural setting of the area and will serve to preserve and enhance existing features of natural beauty; to assure that materials and workmanship for all Improvements in the area are of high quality comparable to other Improvements in the area; and to assure that any property will require as little maintenance as possible so as to assure a better appearing area under all conditions.

10.4 Conditions Precedent to Approval. Prior to the commencement of work to accomplish any Change in Property, the Owner thereof shall submit a written application for approval to the Association together with a complete and full description of the proposed change, a site plan depicting the proposed change drawn to such scale as may be reasonably required by the Association, showing all boundaries, showing existing and proposed contour lines and elevations at reasonably detailed intervals, showing all existing and proposed improvements, showing the existing and proposed utility and sanitation facilities and showing the existing and proposed substantial trees or shrubs. The Association may require that the designs, plans and specifications be prepared by a licensed architect or engineer. The Association may require that Owners pay an application fee with any application, in such amount as the Architectural Committee may determine, to cover costs and expenses of review. No proposed Change in Property shall be deemed to have been approved unless approval is in writing.

10.5 Architectural Advisory Committee. Any functions to be performed by the Association pursuant to this Article X may be delegated to the Architectural Advisory Committee. Exercise of AAC's authority shall require the affirmative vote of a majority of its members. The AAC's actions shall be subject to the Board approval.

10.6 Fees; Assistance. The AAC may establish and charge reasonable fees for application review and may require such fees to be paid in full prior to review. Such fees may include the reasonable costs incurred in having any application reviewed by architects, engineers, or other professionals. The Association may employ architects, engineers, or other Persons as deemed necessary to perform the review. The Board may include the compensation of such Persons in the Association's annual operating budget.

10.7 Architectural Guidelines. The Board may adopt Architectural Guidelines, which may contain general provisions applicable to all of the Ranch as well as specific provisions which vary between Units or between Lots so as to provide guidance to Owners regarding matters of particular concern to the AAC in considering applications.

10.8 Procedures. Except as otherwise specifically provided in the Architectural Guidelines, no construction activities shall commence on the Property until an application for approval has been submitted to AAC and approved by the Board. Such application shall include plans and specifications showing site layout, structural design, exterior elevations, exterior materials and colors, landscaping, drainage, exterior lighting, irrigation, and other features of proposed construction as applicable. The Architectural Guidelines, the AAC, or the Board may require the submission of such additional information as may be reasonably necessary to consider any application.

a. In reviewing each application, the Association may consider any factors that it determines are relevant including, without limitation, harmony of external design with surrounding structures and environment. Decisions may be based on purely aesthetic considerations. Each Owner acknowledges that such determinations are purely subjective and opinions may vary as to the desirability, or attractiveness, of particular Improvements. The Association shall have the sole discretion to make determinations on matters of aesthetic judgment, which determinations shall not be subject to review if made in good faith and in accordance with the procedures set forth herein.

b. The Association shall make a determination on each application within a reasonable time after receipt of the completed application and all required information. The Association may: approve the application with or without conditions; approve a portion of the application and disapprove other portions; or disapprove the application.

c. The Association shall give the applicant written notice of the final determination within 60 days of its receipt of a completed application. If the application is disapproved, the Association shall specify the reasons for any objections and offer suggestions for curing any objections. Notwithstanding the foregoing, the Association's failure to timely deliver written notice of its determination shall not have any effect.

d. Approval of any application may be conditioned on the Owner's execution of a written agreement setting forth the terms, conditions, and limitations for the authorization of an Improvement including, without limitation, provisions addressing the standards for completion of the work, continuing maintenance, repair or replacement obligations, and indemnification of the Association from all expense, damage or claims that may result from the work.

e. Approval of any application shall automatically expire one year after the date of approval if the approved work does not commence within that time period. In such circumstances, the applicant must resubmit its application before commencing any activities, unless the Association grants a written extension. Once approved work commences, it shall be diligently pursued to completion. All work shall be completed within 12 months of commencement unless otherwise specified in the Association's notice of approval, or the Association grants a written extension. If approved work is not completed within the required time, it shall be considered nonconforming and may be subject to an enforcement action by the Association.

10.9 Variances. The Board may authorize variances from compliance with any of its guidelines and procedures when circumstances such as topography, natural obstructions, hardship, or aesthetic or environmental considerations require, but only in accordance with duly adopted rules and regulations. No variance shall: (a) be effective unless in writing; (b) be contrary to this Declaration; or (c) estop the Board from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the issuance of any permit, or the terms of any financing shall not be considered a hardship warranting a variance.
